

## For Sale Jaguar 25 'Magic' (22/09/10)

Jaguar 25 for Sale, Bilge Keel Version. Currently lying Ullswater.  
"Magic" is a popular bilge keel family cruising yacht. Good accommodation and inventory.

As far as I am aware this 25 has only ever been sailed on inland waters, and certainly that is the case for the last 10-15 years. Was previously on Windermere but I moved her to Ullswater, and had planned to keep her along with my new boat which is elsewhere. However, imminent arrival of a new baby is forcing a change of plans as I just can't justify keeping two boats and getting the time to use her on Ullswater.

Realistically priced to sell and may be open to some (sensible) offers for a quick sale.

Sails well and complete with 9.9HP outboard with remote Sail-Drive control in the cockpit. Fun and safe Jaguar 25s have a great reputation and great class support. Ideal for those with a young family or just somebody looking for a nice solid reliable boat.

Currently lying ashore and not been in the water this year as I have bought a new boat. Little used the last few seasons due to time pressures, so may require a little bit of TLC to bring her back to her best but never let us down.

Comes complete with Rolling Genoa, Mainsail, Cruising Chute (which is almost new and clearly had very little use). Cockpit cushions, and indeed pretty much everything you need to get you going. Spray Hood, Spray Dodgers, Sail Cover, anchor, compass, lifebelt, gas stove, fuel tank, toilet, etc etc.... Well equipped clean and comfortable ... a bit of TLC and she will serve and last you well.

Stored on yard trailer, which is included in the sale. (You would need a road trailer if moving to a new base but have contacts who can assist with this for you and doesn't cost much to move).

All sails and soft furnishings stored safe and dry at home over winter and when not in use/ashore (as at present), and boat itself is always over-wintered ashore and covered.

-----

**DIMENSIONS:**

LOA: 26 ft 3" (8m)  
Deck Length 25 ft (7.62m)  
LWL: 22 ft (6.7m)  
BEAM: 8 ft 3" (2.5m)  
DRAFT: 3 ft 1" (0.94m)
