

For Sale Jaguar 27 "Sunbird" (16/09/2011)

"Sunbird" is Mk 2 deluxe J27, with twin keels, & uniquely, a transom rudder supported by a full depth skeg. Her hull was moulded by "SeaMaster" to Lloyds spec. It is Gelshield epoxied.

She has been in our ownership 13 years, & as such has had just about everything replaced or upgraded, & is very highly specified. A full spreadsheet of works is available, and includes all upholstery, windows, rigging (with heavier duty deck attachments), wiring, instruments (coachroof mounted & repeaters), cookers (2), sails, including a brand new Furlex 200s furler & sail, and canvas work including a new custom designed sprayhood & cockpit tent/bimini. Instruments include wind, depth, speed, Furuno GPS (inc repeater), Yeoman plotter and autohelm.

She comes with all warps, fenders, various anchors, compasses, cutlery & crockery, 2 fire extinguishers and a fire blanket. She also has VHF radio and stereo radio/CD player.

She has her original Volvo MD 7A 13hp 2 cylinder engine with a Volvo 110S saildrive & a fixed 2 bladed prop & rope cutter. Boat is on east coast.

She is fast & seaworthy, with a comfortable motion at sea. She has looked after us extremely well, & in winds up to F9! I am open to offers, but look at other 27s first!
